

OVERVIEW of

# Main Line Health System

[mainlinehealth.org](http://mainlinehealth.org)

“The Main Line Health System vision is to provide a superior experience for our patients, employees, physicians and the community we serve. Our on-going commitment to excellence is seen every day in the care we provide for you and your neighbors. For years, our physicians, nurses and other health care professionals have provided a comprehensive range of health services. Looking ahead, as the capabilities and public expectations of health care expand, we are committed to ensuring that our care reaches more people with more services in the most cost-effective manner—and with the same heart-felt dedication to quality, compassion, service and mutual respect.”

**Jack Lynch** *President and CEO, Main Line Health*

Founded in 1985, Main Line Health® is a not-for-profit health system serving portions of Philadelphia and its western suburbs. At its core are four of the region’s most respected acute care hospitals—Lankenau Medical Center, Bryn Mawr Hospital, Paoli Hospital and Riddle Hospital—as well as one of the nation’s premier facilities for rehabilitative medicine, Bryn Mawr Rehabilitation Hospital.

Main Line Health also includes:

- Mirmont Treatment Center for drug and alcohol recovery, one of the Northeast region’s leading addiction treatment facilities and one of several uniquely designated behavioral health centers at Main Line Health;
- HomeCare & Hospice, which brings to patients at home a coordinated array of health services and products, including skilled home health care, hospice, home infusion services, extended home care, and respiratory and home medical equipment;
- Main Line Health Centers, located in Broomall, Collegeville, Exton and Newtown Square, including primary care doctors, specialists, laboratory, radiology, rehabilitation and other outpatient services;
- Lankenau Institute for Medical Research, a non-profit biomedical research organization on the campus of Lankenau Medical Center, dedicated to advancing an understanding of the causes of cancer, diabetes and heart disease to help improve diagnosis and treatment as well as prevention.

OVERVIEW of

# Main Line Health System

- Main Line HealthCare, one of the region’s largest multi-specialty physician networks

Our commitment—to deliver advanced medicine to treat and cure disease while also playing an important role in prevention and disease management as well as training physicians and other health care providers—reflects our intent to keep our community and ourselves well ahead. A team of more than 10,000 employees and 2,000 physicians care for patients throughout Main Line Health’s continuum of care.

### Recent recognitions

- One of only 19 health systems in the US to receive Magnet® designation, the nation’s highest distinction for nursing excellence (American Nurses Credentialing Center)
- 127 MLH-affiliated physicians included in 2015 Top Doctors listing (*Philadelphia* magazine)
- Repeatedly one of the top award winners among the Best Places to Work in the Greater Philadelphia area (*Philadelphia Business Journal*)
- Year after year, named one of the Most Wired Hospitals and Health Systems for a commitment to implementing innovative technology solutions (*Hospitals and Health Networks* magazine)
- Accreditation of all four MLH acute care hospitals (Lankenau, Bryn Mawr, Paoli, and Riddle) as primary stroke care centers, comprehensive breast centers, and chest pain centers
- Among the top 20 percent of US health systems in the “medium health systems” category in 2013 and 2014 (Truven Health Analytics)
- Winner of the 2014 Delaware Valley Quality and Patient Safety Award for *Improving Mortality through Strategies that Drive Change in Culture and Behavior* (Health Care Improvement Foundation)

- Volunteers ..... more than 2,500

### Philanthropy

Each year, Main Line Health receives thousands of charitable donations, both large and small, from the community. Many people give to the Annual Fund, or make special gifts to projects such as capital campaigns for new facilities and technology, or choose to make planned gifts, such as bequests in their will or a life-income gift to establish an endowment in an area of their interest. Employees and physicians are also key contributors. In fiscal year 2015 employee giving generated \$507,103, with 24.4% of employees participating. In addition, physicians made donations totaling \$641,914. These gifts help to ensure that Main Line Health continues to provide the highest quality and most compassionate health care possible.
