INVESTING IN OUR FUTURE

Main Line Health is affiliated with Children's Hospital of Philadelphia (CHOP). This affiliation means that CHOP providers are in the neonatal intensive care unit (NICU), the pediatric inpatient unit and the emergency department at Bryn Mawr Hospital. This relationship gives the community access to the full breadth and depth of CHOP's world-class pediatric healthcare, right at Bryn Mawr Hospital.

PHILANTHROPY

Each year, Bryn Mawr Hospital receives thousands of charitable donations, both large and small, from the community. Many donors support the Annual Fund; others choose to invest in special projects such as capital campaigns for new facilities and technology, or choose to make planned gifts, such as bequests in their will or an endowment in an area of their interest.
