

OVERVIEW of

Bryn Mawr Rehab Hospital

mainlinehealth.org/rehab

“Bryn Mawr Rehab Hospital is celebrating more than 45 years as a leader in the field of physical and cognitive rehabilitation. The quiet and the beauty of our modern campus, our innovative programs and technology, and the friendliness, competence and teamwork of our staff appeal to patients throughout the region.”

Donna M. Phillips *President, Bryn Mawr Rehab Hospital*

Bryn Mawr Rehab Hospital is a leader in the field of physical medicine and rehabilitation. The 148-bed, not-for-profit hospital offers a full range of rehabilitation services, including acute inpatient care, day treatment and outpatient programs for both adults and adolescents. The staff at Bryn Mawr Rehab Hospital treats brain injury, stroke, spinal cord injury, multiple sclerosis and other neurological disabilities, chronic pain, amputation and other orthopaedic problems.

With its free-standing rehabilitation hospital and ten outpatient locations, Bryn Mawr Rehab Hospital is one of the largest rehabilitation providers in the Philadelphia region and in 2016 brought together its outpatient rehabilitation services and all Main Line Health inpatient rehabilitation services under the name of Bryn Mawr Rehab. In addition to its outstanding clinical expertise, Bryn Mawr Rehab Hospital serves the community with innovative programs including the following:

- Cruisin' Smart®, an award-winning program educating elementary through college-age youth and young adults about the consequences of distracted and impaired driving.
- Project SEARCH®, providing on-the-job training and job coaching for adults with disabilities who want to enter or re-enter the workforce.
- Art AbilitySM, the country's largest, international juried exhibition and sale of art and fine crafts created by artists with cognitive, physical, hearing and visual disabilities.

In 2017, Bryn Mawr Rehab Hospital completed a 7,000 square foot expansion to the main therapy gym for maximum efficiency for outpatient treatment. Also included in this expansion was a new outpatient entrance and the addition of 60 parking spots designated specifically for outpatient appointments. Bryn Mawr Rehab provides specialized outpatient services such as Aquatic Therapy, Comprehensive Concussion Rehabilitation, Driver Rehabilitation, Work Hardening, Assistive Technology and Vestibular (balance) Rehabilitation.

Philanthropy

Bryn Mawr Rehab Hospital continues to grow and prosper thanks, in large part, to our friends and donors. Charitable gifts impact all aspects of the hospital, helping to purchase specialized equipment for the best quality patient care; providing advanced training for our staff of dedicated professionals; making possible the hospital's annual signature special event, Art Ability; as well as supporting community outreach programs like Cruisin' Smart, which educates students on the dangers of impaired and distracted driving, and Project SEARCH, an educational and work transition program for individuals with disabilities. The many ways to give include the Annual Fund, Special Programs and Capital Projects, Endowed Funds and Planned Gifts. For more information, please contact the Development Office at 484.596.6071.
