

# Answers to your health questions. And all the ones in between.

## MAIN LINE HEALTH SYSTEM

### SYSTEM OVERVIEW

- Founded in 1985, Main Line Health® is a not-for-profit health system serving the Philadelphia region and beyond.
- Main Line Health consists of five hospitals, six health centers, 40+ office, hundreds of clinical practices, 2,100 physicians and over 13,390 employees.
- At its core are four of the region's most respected acute care hospitals—Lankenau Medical Center, Bryn Mawr Hospital, Paoli Hospital and Riddle Hospital—as well as one of the nation's premier facilities for rehabilitative medicine, Bryn Mawr Rehab Hospital.
- Main Line Health also consists of Mirmont Treatment Center for drug and alcohol recovery; Main Line Health HomeCare & Hospice, which includes skilled home health care, hospice and home infusion services; Main Line Health Centers, primary and specialty care, lab and radiology and other outpatient services located in Broomall, Collegeville, Concordville, Exton, King of Prussia and Newtown Square and Lankenau Institute for Medical Research, a biomedical research organization.
- Main Line Health's medical staff includes a collaborative relationship among independent physicians and the community and hospital-based health care professionals of Main Line HealthCare, the employed multi-specialty physician network of Main Line Health.
- Main Line Health is affiliated with Children's Hospital of Philadelphia (CHOP). This affiliation means that CHOP providers are in all the neonatal intensive care units (NICU), in addition to the pediatric inpatient unit and the emergency department at Bryn Mawr Hospital.

- Affiliated with Jefferson Health, Main Line Health-Jefferson Neurosurgeons offer expert neurosurgical care to provide 24/7 specialized care for successful outcomes such as minimally invasive spine surgery, endovascular neurosurgery and neurointervention stroke care. Through our affiliation with Jefferson Health, a team of trauma surgeons are set to provide patients with specialized care when they need it most.

### HONORS, AWARDS AND RECOGNITIONS

- Recognitions for all four acute care hospitals:
  - Awarded Quest for Quality Award by the American Hospital Association (AHA) for providing the highest quality of safe and equitable care to our patients and community
  - Among the top hospitals in the Philadelphia region by U.S. News & World Report's Best Hospitals for 2023-2024
  - Nationally recognized by the American Heart Association for heart and stroke care, receiving Mission: Lifeline and Get With The Guidelines® awards
  - High grades from The Leapfrog Group, America's voice for patient safety, quality and transparency
  - Top performers in the Healthcare Equality Index (HEI), the national benchmarking tool that evaluates equity and inclusion of LGBTQ+ patients, visitors and employees

**Jack Lynch III, FACHE**  
President and CEO

- System NICHE designed (Nurses Improving Care for Healthsystem Elders)
- Independence Blue Cross Quality Cup recognizing commitment to evidence-based and preventive care measures in primary care

**MISSION**

To meet the health care needs of the communities we serve and to improve the quality of life for all people, by providing a comprehensive range of safe, equitable and high-quality health services, complemented by interdisciplinary education and research programs.

**PHILANTHROPY**

Each year, Main Line Health receives thousands of charitable donations from the community. These gifts are both large and small. Many people give to the Annual Fund or make gifts to special projects such as capital campaigns for new facilities and technology. Others choose to make planned gifts such as a bequest in their will or a life-income gift to establish an endowment in an area of their interest. These gifts help to ensure that Main Line Health continues to provide the highest quality and most compassionate health care possible.

Anyone interested in learning more about our philanthropic priorities and how you can make a difference with a charitable gift should contact Development at 484.580.4601.
