OVERVIEW of

Riddle Hospital

“Riddle Hospital embodies the strength of Main Line Health and the legacy of Samuel Riddle, whose bequest of land and funds provided the support to build a hospital to serve his community. It is his vision that helped us to develop the services and provide the health care our community needs to take charge of its health and make informed decisions for themselves and their families. We continue to be on the leading edge of patient care.”

Gary L. Perecko  President, Riddle Hospital

Riddle Hospital, a not-for-profit, acute care hospital with 204 inpatient beds plus 23 Transitional Care Center beds, celebrated its 50th birthday in 2013. Riddle has been nationally recognized by The Joint Commission, the Society of Chest Pain Centers and other health care rating organizations for its high quality patient care. The hospital offers a full range of services including maternity, orthopedic care and cardiovascular care—aided by a dedicated team of health care professionals and advanced technology.

Our commitment to excellence in patient care

• Our new Emergency Department serves the emergency needs of our community 24/7 while supporting the medical emergency command center for Delaware County. A Rapid Evaluation Unit reduces patient wait time and enhances patient comfort, efficiency and safety.

• As part of the Lankenau Heart Institute, Riddle Hospital offers a full-continuum of cardiovascular care using advanced technology and innovative procedures.

• Riddle Hospital’s orthopedic services have been nationally recognized for quality care from evaluation and treatment, through recovery and rehabilitation.

• The Birthplace delivers high-quality maternity care and a Level 2 neo-natal intensive care unit (NICU) to mothers and babies.

• Health Center 4, a LEED Certified Gold building, houses a wound healing and hyperbaric center, physician offices, a variety of outpatient programs and a state-of-the-art surgical center.

• Riddle also excels in the assessment and treatment of the complex health concerns facing older adults. Riddle’s Transitional Care Center provides a bridge between acute hospital care and long-term care in the community.

Philanthropy
Each year, Riddle Hospital receives thousands of charitable donations—large and small—from the community. Many people give to the Annual Fund, or make special gifts to projects such as capital campaigns for new facilities and technology, or choose to make planned gifts, such as bequests in their will or an endowment in an area of their interest. Employees are also key contributors. In fiscal year 2015, a total of 427 Riddle Hospital employees contributed more than $64,351 to the Annual Fund.
