

Human care sees options when you've run out of them.

LANKENAU MEDICAL CENTER

100 East Lancaster Avenue | Wynnewood, PA 19096

HOSPITAL OVERVIEW

- Lankenau Medical Center is an acute care hospital and medical complex located just outside the western city limits of Philadelphia on a 93-acre campus. Lankenau provides patients with primary through specialized care as well as access to clinical trials.
- As a teaching hospital, Lankenau Medical Center is committed to maintaining high-level expertise across all clinical areas, including the Lankenau Heart Institute, the advanced gastrointestinal and GI endoscopy program, comprehensive cancer care services, pulmonology, obstetrics and maternity, and orthopaedics as well as minimally invasive and robotic surgery.
- We offer the most advanced and innovative treatments in a modern, comfortable, patient-centered environment. Recent improvements include:
 - Tripling the size of the Emergency Department and level II trauma center to maximize safety, privacy and comfort, while providing the highest level of care
 - World-class, state-of-the-art Heart Pavilion
 - The Barbara Brodsky Suites—offering distinctive private inpatient accommodations, deluxe amenities and personal concierge services

Phillip D. Robinson, FACHE
President, Lankenau Medical Center
Main Line Health

- Lankenau Institute for Medical Research (LIMR) is a nonprofit biomedical research institute whose mission is to improve human health and well-being through innovative new approaches to medical challenges. LIMR's principal investigators conduct basic, preclinical and translational research, using their findings to explore ways to improve disease detection, diagnosis, treatment and prevention.

PHILANTHROPY

Each year, Lankenau Medical Center receives thousands of charitable donations, both large and small, from the community. Many give to the Annual Fund or make special gifts to projects such as capital campaigns for new facilities and technology, or focus on planned gifts such as bequests in their will or an endowment in an area of their interest.
