

Human care sees options when you've run out of them.

LANKENAU MEDICAL CENTER

100 East Lancaster Avenue | Wynnewood, PA 19096

HOSPITAL OVERVIEW

Lankenau Medical Center has been devoted to the health and well-being of the community since 1860, with a founding mission to serve all those in need. Our continued dedication to service, compassionate patient care and superior clinical programs make Lankenau a preferred destination for care by people throughout the Philadelphia region and beyond. Lankenau offers primary care, disease prevention and specialized medical and surgical management of all diseases and disorders as well as access to clinical trials.

As a teaching hospital, Lankenau is committed to maintaining high-level expertise across all clinical areas. Our doctors, nurses, researchers and other clinicians are consistently recognized for providing outstanding care across all clinical specialties including the Lankenau Heart Institute, comprehensive cancer care, obstetrics and gynecology, pulmonology, nephrology, gastroenterology & GI surgery, and orthopaedics.

We offer the most advanced and innovative treatments in a modern, comfortable, patient-centered environment, including:

- Leading-edge technology such as the most advanced robotic surgical systems, imaging equipment and operating suites
- State-of-the-art Heart Pavilion

Katie Galbraith, MBA, FACHE
President, Lankenau Medical Center

COMMUNITY HEALTH AND OUTREACH

Lankenau Medical Center offers multifaceted education and outreach to children and adults in our community. In FY22, Lankenau provided 112 virtual and in-person programs for more than 5,500 students in kindergarten through 9th grade. Lankenau provided 90 adult programs, including seminars, classes and screenings, attended by over 4,000 participants. The Deaver Wellness Farm provided 17 school programs, 13 medical resident rotations and 420 produce deliveries to patients experiencing food insecurity.

MEDICAL EDUCATION

Lankenau has a long tradition of excellence in medical education, and first trained house officers in 1860. Today, 138 residents and fellows participate in nine residency and fellowship programs. Lankenau's residents and fellows represent a diverse group of physicians from more than 10 countries.

LANKENAU INSTITUTE FOR MEDICAL RESEARCH

Lankenau Institute for Medical Research (LIMR) is a nonprofit biomedical research institute whose mission is to improve human health and well-being through innovative approaches to medical challenges. LIMR's principal investigators conduct basic, preclinical and translational research, using their findings to explore ways to improve disease detection, diagnosis, treatment and prevention.

INVESTING IN OUR FUTURE

Major expansions and renovations to meet the needs of our patients have transformed the Lankenau campus, including:

PHILANTHROPY

Each year, Lankenau receives significant philanthropic support from our patients, families and community. These meaningful contributions are given as annual support, endowed gifts in areas of personal interest, and planned gifts such as bequests in wills. Our partners support critical priority projects, capital and programmatic initiatives, and technologic enhancements that keep us on the forefront of clinical care, medical education and research. We are appreciative of this philanthropy, which sustains the organization and takes us to new heights.
