INVESTING IN OUR FUTURE

- Paoli Hospital's state-of-the-art intervention labs offer the most advanced diagnostics and treatment available for patients experiencing stroke and heart disease.
- The meticulously designed space includes dedicated labs for neurointervention, cardiac catheterization and electrophysiology procedures; patient areas for pre- and post-procedure care and advanced imaging equipment and a collaborative environment where a highly trained team of experts can interact with ease.

PHILANTHROPY

Each year, Paoli Hospital receives thousands of charitable donations, both large and small, from the community. Many grateful patients give annually in honor of their caregivers to support patient care programs, new facilities and technology. Leadership donors are welcomed as members of H. Phelps Potter Society and are closely connected to the hospital through special events and recognition. Legacy gifts from
