- **Questions, scheduling changes, or cancellations:** Call the physician office who will be performing the procedure.

- **Pre-procedure call:** Patients receive a call within a week of the procedure to review details and brief medication questions.
- **Check-in:** Enter the Frankel Lobby through the large rotating doors, proceed to the information desk straight ahead, then proceed to the right and follow signs to the surgical registration desk.
- **Arrival timing:** Patients should check in 15 minutes before their scheduled arrival time, which is generally 1 hour prior to the procedure. Procedure times may vary; patients are typically ready for discharge within about 30 minutes after procedure completion.
- **Visitor/driver guidance:** Drivers are encouraged to remain in the waiting room or stay within a reasonable distance because recovery times are typically brief. Patients must have a responsible adult they know available to drive them home. Uber, taxi, Lyft, or other ride services are not permitted unless accompanied by a responsible adult companion. Due to sedation, patients are not permitted to drive for 24 hours after the procedure.
- **Discharge:** The physician will speak with the patient before discharge, and the nurse will review printed discharge instructions.
- **Important reminder:** Do not bring cash, credit cards, jewelry, or valuables.

Directions to registration: Park in Lot A, enter the Frankel Lobby, proceed to the information desk, then turn right and follow signs to the surgical registration desk. Registration staff will direct patients to the preoperative area where the procedure is scheduled.
