

Welcome to Main Line Health!

The directory you are now holding contains a list of physicians who are among the best in their medical specialties. These are the physicians affiliated with Main Line Health—Lankenau Medical Center, Bryn Mawr Hospital, Paoli Hospital, Riddle Hospital, and Bryn Mawr Rehab Hospital. They are passionate about providing excellent healthcare for their patients, and they are the main reason our hospitals are so prominently ranked.

Our highly trained specialists and primary care physicians are committed to compassionate, quality care and a superior patient experience for the communities Main Line Health serves. These Philadelphia and western suburb neighborhoods are the same communities where our physicians live and raise their families.

If you are searching for the right physician, whether for yourself or as a referring doctor on behalf of your patient, be assured you will find the physicians at the Main Line Health hospitals worthy of your confidence and your health.

Please feel free to call me at 484.337.3010 if you have any questions or suggestions. Thank you for choosing Main Line Health.

Sincerely,

Jack Lynch

*President & Chief, Executive Officer
Main Line Health*

Lankenau Medical Center

100 East Lancaster Avenue | Wynnewood, PA 19096
TEL 484.476.2000

Lankenau Medical Center has been dedicated to healing and comforting the community with a warm, personal touch for over 150 years. Located on a 93-acre suburban campus just outside of Philadelphia, the 331-bed, not-for-profit teaching hospital includes one of the nation's leading cardiovascular centers; the Lankenau Institute for Medical Research, one of the few freestanding hospital-associated research centers in the nation; and offers state-of-the-art services in cancer care, digestive health care, heart care, lung care, nephrology, neurology and neurosurgery, orthopaedic care, pediatric care and maternity care. Lankenau has been named among *US News & World Report's* Best Hospitals in the Philadelphia metro area for digestive health, geriatrics, heart care, kidney disorders, neurology and neurosurgery, lung care and urology. Lankenau has achieved The Joint Commission's Gold Seal of Approval for stroke care and breast cancer care and is one of the nation's Top Performing Hospitals for heart attack, heart failure, pneumonia and surgical care. The hospital has achieved Magnet® designation, the nation's highest award for excellence in nursing care. Lankenau is recognized as a national leader in advancing new options to diagnose and treat illness, protect against disease and save lives.

HOSPITALS & FACILITIES

Bryn Mawr Hospital

130 South Bryn Mawr Avenue | Bryn Mawr, PA 19010
TEL 484.337.3000

Bryn Mawr Hospital is a 319-bed, not-for-profit acute-care teaching hospital dedicated to helping the community stay well ahead on the path to life-long health. The Hospital has achieved Magnet® designation by the American Nurses Credentialing Center (ANCC), the nation's highest award for recognizing excellence in nursing care, and has been nationally recognized by Press Ganey, Thomson Reuters (now Truven Analytics), The Joint Commission and other healthcare ratings organizations for its high quality patient care. In 2012, the hospital was named among *US News & World Report's* Best Hospitals for the Philadelphia metro area. The Hospital offers a full range of services, including cancer care, orthopedic care, cardiovascular care, maternity care, bariatrics, neurovascular and a Level III Neonatal Intensive Care Unit, all aided by a dedicated team of health care professionals and innovative technology such as the da Vinci® Surgical System's robotic technology and RIO Robotic Arm Interactive Orthopedic System. Bryn Mawr Hospital has collaborated with Nemours/Alfred I. duPont Hospital for Children to include round-the-clock pediatric care for the pediatric inpatient unit and in the pediatric emergency department with additional board-certified emergency medicine physicians.

Paoli Hospital

255 West Lancaster Avenue | Paoli, PA 19301
TEL 484.565.1000

Paoli Hospital is a 226-bed, not-for-profit acute care hospital and Level II Regional Trauma Center with outpatient facilities in Exton and Colledgeville. In 2012, Paoli Hospital was named for the fourth time among the nation's 100 Top Hospitals® by Thomson Reuters (now Truven Health Analytics). It was one of only 20 medium-sized community hospitals nationwide and the only hospital in Pennsylvania to make the list in this category. Paoli was named among *US News & World Report's* Best Hospitals for the Philadelphia metro area for excellence in five specialties including orthopedics, geriatrics, nephrology, gastroenterology and urology and is a multi-year recipient of the Premier "Award for Quality" for providing outstanding patient care and maintaining operational efficiency. Paoli is one of only three percent of hospitals nationwide to earn Magnet® designation twice for its superior nursing staff and was among the first in efficiency, satisfaction and healing.

Main Line Health

Founded in 1985, Main Line Health (MLH) is a not-for-profit health system serving portions of Philadelphia and its western suburbs. At its core are four of the region’s respected acute care hospitals—Lankenau Medical Center, Bryn Mawr Hospital, Paoli Hospital and Riddle Hospital—as well as one of the nation’s premier facilities for rehabilitative medicine, Bryn Mawr Rehab Hospital; Mirmont Treatment Center for drug and alcohol recovery; and the Home Care Network, a home health service. Main Line Health hospitals, with more than 10,000 employees and 2,000 physicians, are the recipients of numerous awards for quality care and service, including recognition among Truven Health Analytics’ list of Top 100 Hospitals and Magnet®, the nation’s highest honor for nursing excellence. Main Line Health is among the area’s leaders in medicine, providing advanced patient-centered care, education and research to help our community stay healthy. In 2013, Main Line Health was named among the top quintile of US health systems in the “medium health systems” category by Truven Analytics.

FACILITIES, PROGRAMS & SERVICES

The Home Care Network

240 North Radnor Chester Road | Suite 100 | Radnor, PA 19087
TEL 1.888.533.3999

The Home Care Network brings a coordinated array of health services and products to patients at home, including skilled home health care, hospice, home infusion services and respiratory private duty services.

Lankenau Institute for Medical Research

100 East Lancaster Avenue | Wynnewood, PA 19096
TEL 484.4476.8400

The Lankenau Institute for Medical Research (LIMR) is an independent, non-profit biomedical research center located on the Lankenau Medical Center campus. LIMR is one of the few freestanding, hospital-associated medical research centers in the nation. The faculty and staff at the Institute are dedicated to advancing an understanding of the causes of cancer, heart disease, and diabetes. They use this information to help improve diagnosis and treatment of these diseases as well as find ways to prevent them. LIMR is committed to extending the boundaries of human health and well-being through technology development and the training of the next generation of scientists and physicians.

For more information, please visit limr.org.

Main Line Health Imaging

Main Line Health Imaging provides a comprehensive range of imaging services with state-of-the-art technology; board-certified radiologists, highly-skilled technical and caring staff, convenient locations and flexible hours. Many imaging services are available during early morning, evening and weekend hours. For more information visit mainlinehealth.org/imaging. To schedule an appointment, call 484.580.1800.

Behavioral Health

Main Line Health Behavioral Health's services encompass a wide range of mental, emotional and addictions disciplines. We treat individuals ages 14 years and up from all walks of life. Our staff includes psychiatrists, psychologists, physicians, therapists and other behavioral health specialists with expertise in diagnosing and treating mild to severe disorders and problems. And our services are available at a variety of convenient locations throughout Philadelphia's western suburbs.

Senior Care

Main Line Health® recognizes that older adults are a vital part of our community, and we are committed to providing healthcare and social services to meet their changing healthcare needs. In conjunction with our board-certified physicians, other healthcare providers and community outreach programs, we offer a comprehensive network of resources, programs and facilities specifically for older adults and their families.

Women's Health Source

240 North Radnor Chester Road | Suite 300 | Radnor, PA 19087
TEL 1.888.876.8764

Women's Health Source is a free health and wellness membership program empowering women to make the best healthcare decisions for themselves and their families. Supported by The Main Line Health Hospitals, WHS offers members exclusive benefits. Visit mainlinehealth.org/whs or call 1.888.876.8764 to enroll.

Hospitalist

Hospitalists are physicians who specialize in inpatient medicine and devote 100% of their time to caring for hospitalized patients. They manage all aspects of the patient's hospital stay, including arranging consultations with specialists, ordering tests, treatments and medications. Upon discharge, the patient returns to the care of their physician, who receives a copy of the patient's discharge summary. If a patient does not have a primary care physician, the hospitalist will make an appropriate referral prior to discharge.
