## Show your love with an advance care plan.

An advance care plan (which includes advance directives, living wills and other documents) states your wishes about your future medical care. It is used if you are unable to speak for yourself due to injury, illness or disease.

Making your choices known is a gift to your loved ones who may need to make decisions on your behalf someday.

**For your free Advance Care Planning kit, call 484.580.1234 or visit [mainlinehealth.org/acp](http://mainlinehealth.org/acp) to download yours today.**

**Main Line Health®**
