

# Bryn Mawr Rehab Hospital

## Visitation Guidelines

---

**Effective Sunday, July 4, 2021**

---

*Bryn Mawr Rehab Hospital recognizes that our patients benefit tremendously from connecting with their loved ones as they progress through the rehabilitation process. We are pleased to be able to offer limited, in-person visits.*

**Days:** 7 days per week  
**Hours:** 4:00 – 8:00 p.m.  
**Details:** Two visitors per day for each patient.

**To Schedule: The visits must be scheduled in advance.**

**Please do not call to schedule until after the patient has been transferred to Bryn Mawr Rehab.**

- Call 484.596.5820, Monday-Friday, 9:00 a.m. -1:00 p.m.
- The scheduler will let you know availability and provide instructions for your visit.

*Visitors will be required to pass the screening at the main entrance prior to entry.  
Visitors are not permitted for COVID+ or COVID quarantine patients.*

### **Visitation Guidelines:**

- Two visitors per patient, this includes inside or outside the hospital.
- Visitors and patients are to wear tight fitting masks for the entire visit. This includes in the patient's room, throughout the hospital and outside. Visitors may not remove their masks for any reason during the visit, including to eat or drink.
- Visitors and patients should stay at least 6 feet apart as much as possible from each other and from other patients, visitors and staff.
- No visitors age 11 or younger. Visitors age 12-17 require pre-approval to accompany an adult for visit.
- Visitors may not use the restrooms in the patient room.
- All items brought for patients must be given to the nurse, not directly to the patient.
