

# Riddle Hospital's Modernization Project: Building for Our Future

Riddle Hospital's Campus Master Plan will mark the most significant facility improvement in its existence and among the largest capital investments in Main Line Health history. The modernization project will include a new patient pavilion, as well as renovations to existing care units and support areas and will also include new parking. Once completed in 2024, the hospital will be equipped with all private patient rooms, contemporary facilities and advanced technology to support the evolving needs of the community.

## Getting here

Riddle Hospital is located at:  
**1068 West Baltimore Pike**  
**Media, PA 19063**
